Darius H.

Product Designer | Design Systems | UX/UI | Design Leadership

dariushhpg1@gmail.com | linkedin.com/in/dariushhpg1/

Product Designer with 10+ years of experience designing digital products and scalable design systems in fintech and technology. Specialized in product design, UX/UI, design systems, design tokens, component libraries, and cross-functional collaboration. Experienced in leading design initiatives, improving design-to-development workflows, and using AI-assisted tools to accelerate product development.

Work experience

blu bank | Product Design Lead (Design System) Nov. 2021 — Present

- Built and scaled Coin, blu Bank's design system with 200+ components, tokens, and multi-brand theming.
- Built blubank.design, Coin's documentation platform for cross-functional teams.
- Led design system collaboration across 100+ design, product, and engineering contributors.
- Automated design–development workflows with custom Figma/WordPress plugins and Git-based asset delivery.
- Defined blu Bank's visual language with 400+ custom illustrations and icons.
- Designed and shipped end-to-end product experiences across mobile and web, contributing to blu Bank's growth from 500K to 27M+ users.

Podro | Product Design Consultant Nov. 2023 — Apr. 2024

Created a scalable design system, enhancing UI consistency and reducing developer handoff time by 20%, accelerating feature rollout.

Khooger | Design Team Lead Jun. 2018 — Oct. 2021

Led the end-to-end redesign of Khooger's e-commerce platform, contributing to 8× user growth over 3 years through improved UX, conversion, and user-centered product design.

Beyad | Product Designer Oct. 2016 — May. 2018

Shipped an indie game (10,000+ downloads), an AR experience, and a digital magazine app.

Notable projects

Iconamoon 1.1 | Open-source icon library with 2,400+ icons and 135K+ users.

Education

Computer Engineering | SBUK, Kerman, IR. 2015 — 2018
